

HOW TO PRESENT IDEAS, PRODUCTS AND YOURSELF WITH GREATER IMPACT. HOW TO CAPTURE THE AUDIENCE WITH A POWERFUL PRESENTATION.

Effective communication is essential in today's work environment. Whether you are persuading colleagues, selling to a client or energizing a team, the power of your presentation makes the difference between success and failure.

The experience in this presentation skills training is as close as you can get to having a personal, public speaking coach. You present at least seven times over the course of two days. Your presentations are videotaped and evaluated. And you get expert one-on-one coaching at the end of each presentation.

You will be coached by two trainers in a small group. After the seminar you can take the video with your presentation exercises home. You will see the difference!
