Effective Leaders Communicate with Enthusiasm and Confidence

A presentation is a critical business tool. Whether your communication goal is to persuade, sell or inspire, your presentation is what will differentiate you from your competitors. Your audience will view you as prepared, informed and confident.

This program provides the skills that empower professionals to communicate confidently and competently to all types of audiences. We illustrate proven methods and techniques that allow you to develop compelling presentations with universal appeal, yielding consistent, positive results. You will explore the optimum use of voice and gesture to create a lasting impression as well as a variety of presentation styles, ranging from a formal speech to a casual meeting or contentious conversation.

Participants are given multiple opportunities to develop and practice innovative presentations. You will be videotaped, evaluated and mentored by an expert until you have achieved the ultimate goal, the ability to deliver a masterful presentation.

The class is small. The environment is supportive. The work is intense. Two certified trainers are challenging the group. And the results are outstanding. You'll see measurable gains in better communication, enhanced personal and corporate image, and ultimately, your bottom line.
